LA HONDA ROAD WILL BE OILED

The board of supervisors met in regular session Monday, May 15th, at 10 a. m., there being present Jos. M. Francis, presiding; Jas. T. Casey, Wm. H. Brown, John MacBain and C. V. Thompson.

The minutes of the special called meeting of April 1st, and the meetings of the 4th, 6th and 8th were read and aproved.

District Attorney Swart reported that he had taken up with J. Early Craig, one of the attorneys in the Moore estate at Pescadero, the matter of securing a right of way for the Pescadero-San Gregorio road over the Moore ranch and had been informed that owing to the fact that two of the minor heirs to the estate were fighting the sale of the ranch, it would be impossible to purchase the right of way for the road. This makes it necessary for the county to institute condemnation proceedings. In order that there should be no delay in getting the proceedings under way the board decided to meet Friday (tomorrow) at 10 a. m. to receive the petition for the appointment of viewers for the above road.

Supervisor MacBain addressed the board and stated that he had received three bids for oiling 8½ miles of the new La Honda road from the summit to the Fifth township line, the lowest of which was 16.6 cents per square yard from, Blanchard Brown & Co.

The contract was awarded to the above firm, on motion of MacBain, seconded by Thompson.

A comunication was received from Ernest W. Jakobs of San Francisco asking the board to take some action toward repaying him for the damage done his home at Farallone on acount of the breaking of the fill at that place during the severe storm last January. The damage, according to an itemized statement submitted by Mr. Jakobs, amounted to $538.15.

On motion of MacBain, seconded by Casey, the matter was referred to District Attorney Swart.

At the suggestion of the latter, it was ordered that a committee consisting of two members of the board view the Jakobs premises in company with the owner and determine to the satisfaction of the county the actual amount of damage done.

The chairman thereupon appointed Supervisors Brown and Francis to serve in that capacity.

An application for State aid was received from a widow at Burlingame for five half orphan children. On motion of Brown, seconded by MacBain, the applicant was allowed $6.25 for each child.

Henry Marcus, chairman of the finance committee for the entertainment of the Grand Court of Foresters which recently convened in Redwood City, addressed the board in reference to a shortage in the entertainment fund amounting to $168. Mr. Marcus asked the board to come to the assistance of the committee by donating the amount of the deficit out of some available fund. John J. Read, also a member of the Foresters' committee, addressed the board and recited the untold benefits to the county on account of the holding of the convention.

The members of the board while anxious to come to the assistonce of the Foresters could not see their way clear to doing so on account of the scarceff of funds, but Frank L. Ekswards, secretary of the San Mateo County Development Assoriatios, came to the rescue by suggesting that the money be paid by the development association out of its fund, the amount to be returned at some later date. This action was taken on motion of Brown, seconded by Thompson.

A communication was read from the Department of Commerce, extending an invitation to the county's weights and measures official to the eleventh annual conference on weights and measures, which is to be held in Washington, D. C., May 23, 24, 25, and 26.

A communication from Charles G. Landscheit, manager of the Redwood City Realty Company, soliciting a portion of the insurance on the new jail building, was received and ordered filed.

Supervisor Thompson addressed the board and asked that permission be granted the Native Sons of Pescadero to erect a flag pole in that town at the intersection of San Gregorio and Main streets. The request was granted, on motion of Brown, seconded by MacBain.

In order to assist them in drawing up the proper traffic ordinance for the mountain roads of the county, the supervisors, on motion of Brown, seconded by Casey, instructed Engineer Neuman to secure the assistance of the State Engineering Department in obtaining the necessary information and data relative to different kinds of road construction.

Surveyor Neuman reported that Contractor McReynolds was not making satisfactory progress in his contract for the construction of the Halfmoon Bay road from Crystal Springs Lakes to Halfmoon Bay. On motion of Brown, seconded by Francis, the clerk was instructed to notify McReynolds that extensions of time wouldnot be granted him for the construction of the road.

On motion of Casey, seconded by Francis, the auditor and treasurer were instructed to transfer the sum of $1000 from the First Road fund to the Fourth Road fund, the money to be refunded when the automobile tax money comes in.

On motion of MacBain, seconded by Thompson, the county surveyor was instructed to complete the construction of the La Honda road.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

San Mateo County is receiving a whole lot of unnecessary notoriety by the agitation against the alleged gamblers in the north end of the county by the San Francisco newspapers. This unwelcomed advertising is doing the peninsula no good. It is casting odium upon the county and may have the deleterious effect of keeping prospective homeseekers from the peninsula. If there is gambling going on in Daly City, as alleged by the San Francisco Examiner, a stop should be put to it at once. All gambling dens should be closed once and for all time so that in the future the good name of the county may be maintained. If there is no gambling going on, as the officials contend, then this should be made known. At all events this absorbing matter should be closed and closed effectively. San Mateo County is a section which invites homeseekers. We have the best schools in the state, we boast of the finest climate, the fertility of the soil is unexcelled, the scenery unsurpassed for its beauty, the roads and boulevards are better than anywhere else in the state. In other words San Mateo county is essentially a place where people may come to build their homes and enjoy all these advantages and rear their families in a pure and healthy atmosphere with congenial environments conducive to good citizenship and a high standard of morality. Let there be no further mud slinging, let the escutcheon of the county remain clean and unsullied and the fair name of our commonwealth continue untarnished and free from the stigma which some persons would heap upon it.

Duncan McPherson and his wife of Santa Cruz have the sympathy of their many friends in San Mateo County in the death of their son, Harold McPherson, one of the promising young men of that county. He passed away after a very short illness caused by pneumonia. Young McPherson assisted his father in editing and managing the Santa Cruz Sentinel. He was a man of sterling worth and of marked ability. He ably represented his county in the last legislature and some weeks ago was mentioned as a candidate for the senate from this district. Mr. McPherson was a highly educated man having attended the state university and Columbia College and also pursued his studies in Europe. The Times-Gazette joins with a host of other friends in sympathizing with the bereaved parents.

FRANCIS V. KEESLING EXPRESSES GRATITUDE TO TIMES-GAZETTE

San Francisco, Cal., May 8, 1916.
My dear Mr. O'Keefe:

Please permit me to express to you my appreciation of the effective work done by you and your newspaper in behalf of the Regular Republican ticket in the campaign just ended.

The loyalty of the Times-Gazette to the party had much to do with the good showing made by our ticket in San Mateo County, where our opponents were well intrenched.

Again assuring you of my gratitude for your able support in the campaign, I am,

Very sincerely yours,
F. V. KEESLING,
Chairman Republican State Central Committee.

The editor since reaching majority has religiously voted the Democratic ticket and often, often tasted "crow". He recalls with pride that his first vote was cast for Grover Cleveland, the "shirt-sleeves diplomat," and he's sorry he ever cast his ballot for the Don Quixote who now inhabits the White House, a man whose policies are neither wine nor water, nor good, old-fashioned "hard" cider; one who misled by a Quixotic idealism raises issues and then charges the dilemmas of his own creating as the knight of LaMacha tilted against windmills. Cleveland held that public office is a public trust—the present chief executive leaves scant doubt that he in all sincerity believes his office an adjunct to the powder trust and the armorplate trust—else why his hysterical ranting about "preparedness"? Let Democracy of today quit rattling the dead bones of Jefferson and Jackson, and become imbued with their spirit instead. MAN WANTED—One who is not pro-Alley, nor pro-Teuton; pro this and versus that, allegedly for humanity's sake—but in reality from prejudice, intensified an hundred-fold by the unconquerable stubborness of senility—man who is PRO-AMERICAN, all the time and against all comers. Party label of applicant not essential.—Review.

E. SKINNER WILL GO TO CHICAGO

E. E. Skinner, chairman of the county Republican committee, will accompany the Republican delegates to the Chicago convention which convenes on June 7. Mr. Skinner has worked hard for the success of his party in the county. His trip with the delegates will be one of pleasure and at the same time he will have an opportunity of seeing the next president of the United States nominated. Mr. Skinner is a wealthy retired lumber-man formerly of Eureka, Humboldt County.

RELIEF BAZAAR EVENT OF SOCIAL SEASON AT AUDITORIUM

The German Relief Bazaar for the benefit of the families of the war sufferers, which is being held in the Civic Auditorium in San Francisco, May 19 to 24th is expected to be one of the greatest events of its kind held in the annals of the state. The immense interest shown by the great number of prominent women of the metropolis and the bay cities is abundant evidence of the great success that is assurd for the undertaking.

The Peninsula Booth which embraces th territory of San Mateo County is presided over by Mrs. Will D. Shea of Atherton and Mrs. Lendel Grey of Redwood and it gives promise of surpassing many of the booths of the metropolitan city in the way of substantial money contributions and beautiful articles of handiwork given by the generous people of the county and which are being offered for sale during the bazaar week.

It is of course, impossible for these ladies and their corps of assistants to reach by person all those who are interested in this work and who are anxious to do somthing substantial for this great cause of humanity. So it would be greatly appreciated, if by note or phone a message were sent to these ladies offering anything that they may care to give for the success of the bazaar and such efforts will be most cordially appreciated.

The affair no doubt will be the event of the season and it is hoped that the people of the district of San Mateo county will show by their presence at the affair their interest in the great cause for which the bazaar is given and that their entertainment and enjoyment will be supreme is assured by the great and novel surprises that are in preparation for visitors.

LARGE APPRAISING CONTRACT

Another large contract for appraising has just been secured by The University Realty Company, from the present successors of the old Western Pacific Railway. Many thousand acres remain in the hands of the Crocker-Whinship-Casey interests and these comprise the holdings which are to be valued by the company.

This property is in the Los Altos, Steven Creek and La Honda districts, and the appraisal is being made with the idea of ascertaining the true market value with a view of selling it off in the near future. For the most part it is heavily wooded and lies along perpetually running streams, principally the La Honda, Alpine and Stevens creeks.

The appraisal of this land has always been considered one of the most difficult undertakings upon the peninsula, because the units comprising it are widely scattered and are of considerably varying values. It is second in importance only to the very large contract for appraising about twenty-five thousand acres belonging to the Spring Valley Water Company executed by the same local brokers.

CHAUTAUQUA PARADE ADVERTISES BIG SHOW

Banners, Drums and Horns Herald Coming of Great Show

If those who want season tickets for the Chautauqua do not buy them before Monday, May 29, they will have to pay $3.00 for them, whereas if they buy them before that date they may be had for $2.50 Tickets are now on sale at the Chamber of Commerce and at the various stores about town. The Chautauqua committee urges everybody to buy now. These tickets are transferable within the immediate family of the purchaser. They give admission to all but the Junior Chautauqua. By buying a season ticket purchasers will save themselves $3.00 as a single admission to all the big performances will total $5.50. BUY TODAY.

So far as Redwood City, Palo Alto, Burlingame, San Mateo, Belmont and San Carlos are concerned everybody in these places knows that the Chautauqua is to open here on May 29 and run to June 4. The information was disseminated Thursday by means of an auto parade, assisted by a drum corps and an accordion. A dozen automobiles loaded with Redwood City citizens and decorated with Chautauqua banners left the Chamber of Commerce rooms Thursday afternoon the autos, to the accompaniment of tooting horns, rattling drums and uncovered mufflers wending its way through every section of Redwood City and on to Palo Alto. In the University Town the autos took in every section of the college city finally assembling at the Circle, near the depot where a particularly loud blast of noise called the attention of everyone to Redwood's enterprise.

Leaving Palo Alto the parade came back to Redwood, passing through the business section and residence portion of town and on to Belmont and San Carlos, ear splitting noises heralding the approach of the Chautauqua boosters.

In San Mateo the Elks lodge was visited to give the men a chance to "wet their whistles" and to enable the lady boosters to celebrate Olive Day. After traversing, with noise unabated, the residence portion of San Mateo the machines drove through Burlingame. The booster trip ended at the rooms of the Chamber of Commerce at 5:30.

The only accident to mar the trip was the killing of San Mateo's Tom cat an ancient feline that for nearly twenty years had been the pride of San Mateo. It is not known whether the cat was run over by one of the booster machines or killed by an olive stone carelessly tossed by one of the ladies of the party. The cat, however, is dead.

The machines for the parade were provided by Dr. J. L. Ross, C. M. Doxsee, A. D. Walsh, John Layng, J. F. Johnston, Rev. C. H. Stevens, F. K. Towne, C. H. Young, Con Cullen and A. Kincaid. Charles Landscheit acted as parade master.

FAME OF REDWOOD REACHES MILES AWAY

A Street Light for Oak Avenue. A. Hess & Co. Will Supply Material for Center St.

A communication from the Municipal Confederation of San Francisco asking for the cooperation of the board of town trustees in the formation of a greater San Francisco through the borough system met with anything but an enthusiastic reception at the meeting of the board Monday evening. Trustee Merrill fittingly described it as a big idea and Trustee Tuchsen felt that a committee should be appointed, as asked for to keep in close touch with the movement but with no power to officially commit the board. A committee consisting of Trustees Tuchsen, Merrill and McNulty were appointed to attend the meetings of the confederation.

The fame of Redwood City as an economically and well governed municipality has reached Marshfield, Ore. E. Bandel, chairman of the electric light committee of that city is very much interested in our low cost of lighting and wrote for more particulars. Full information will be supplied him by City Electrician Mark E. Ryan.

Upon a recommendation of the city engineer the Southern Pacific Railroad Company was requested to install a culvert on each side of East Brewster where it crosses the railway.

The application of A. C. Anderson with the Standard Plumbing and Metal Works of Palo Alto for a master plumber's license was granted.

A street light was ordered installed on Oak avenue upon the request of M. J. Soto.

Six bids were received to supply 400 feet of one-and-one-half inch and 1000 feet of two-and-one-half-inch fire hose. The following were the firms bidding: Hull Bros. representing the New York Belt and Packing Company, Plant Rubber and Supply Company, Gray Thorning Lumber Company representing the Gutta Percha Rubber and Manufacturing Company, Bowers Rubber Company, Republic Rubber Company of California and the American Rubber Manufacturing Company. Their prices for similar grades were the same.

On the first ballot the "Reliance" brand of the Bowers Rubber Company for one-and-one-half-inch fire hose at 40 cents per foot was accepted. On the second ballot the bid of the Republic Rubber Company for their "Tower" brand of two-and-one-inch fire hose at 80 cents per foot was accepted.

The bid of A. Hess and Company to supply material for the Center street fill for 59 cents per cubic yard was accepted. Mr. Hess will use material from the streets now being torn up and also from San Carlos.

A resolution offered by R. F. Chilcott as a part of the plan o f forming a mosquito abatement district between Laurel Creek near Beresford and the San Francisquito creek near Palo Alto was adopted. Mr. Chilcott in addressing the board as a representative of the Chamber of Commerce stated that plans were under way to establish a similar district from Palo Alto to Sunnyvale and as the Three-Cities district of San Mateo, Hillsborough and Burlingame was already formed, united effort in exterminating the mosquito from this part of the state would be carried forward. As the assessed valuation of property in this district is over ten millions the additional tax levy will be slight.

A resolution was adopted awarding the contract for sidewalks on El Camino Real to Howard M. Dam.

City Engineer Finlay came in for a severe grilling by Trustee Merrill because of his lack of discretion in doing preliminary survey work in Wellesley Park to the extent of $491 without first consulting the board as to the high cost of the work necessary. Some of his other charges against the city were severely criticised. The board has been passing upon the claims of Mr. Finlay so that he might realize on them before the contracts were let, thus overcoming considerable delay. This practice will not be followed in the future.

HELP WANTED— MALE

—is the cry when your house or place of business is endangered by fire, but you do not say it that way; it is

FIRE FIRE

and then what do you expect and what does happen? Just this—no matter whether on the hottest day; or in a pouring rain; in the dead of night; in the freezing winter (when the bed is the most comfortable) they come. Yes, the boys that compose the Volunteer Fire Department. What do they get for this? Yes, they are paid by some excitement, then again it is a drenching which means a ruined suit; a burned hand, or a fatality is possible. No, they are not asking for compensation—only encouragement.

Now this is your affair. The Department may be called out for your protection while you are reading this. Think! What are we getting at?

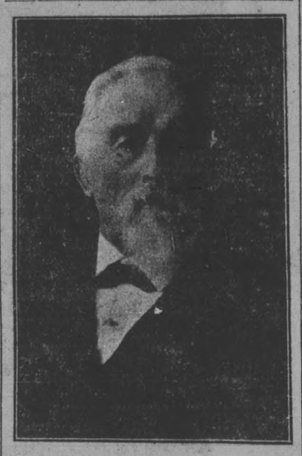

Well, the first Grand Ball since the re-organization of the Department is to be held in the Foresters' Hall, Saturday night, May 20, 1916 and you should be there with the whole family. You don't dance? Then go and look on for a while. There is a big gallery for spectators and there will be plenty of music, by a six piece orchestra, playing the latest popular music. The kids will enjoy it, your better three-fourths will be glad to go for a change and you might even surprise yourself by dancing a few. There will be one-steps, two-steps, three-steps, waltzes, fox trots, etc. The ladies and children will be admitted complimentary and the gents are charged $1.00 as it will be an all night dance.

Are you going to ignore this appeal? Morally, can you pass it by without a care? Your neighbor will not, if he is a man. I thank you. A Resident Taxpayer.

PASSING AWAY OF AN OLD COUNTY PIONEER

Martin Kuck Dies Suddenly at His Menlo Home. Built the First Hall on Peninsula

Martin Kuck, the well known pioneer of this county passed away at his home in Menlo Park late on Tuesday evening. He had not been feeling well for

MARTIN KUCK

several days but this fact was not considered alarming by his family. He had retired and his daughters noticing his unusual heavy breathing went to his bedside and in a few moments he passed away. Some years ago he suffered a paralytic stroke since which time he has been in feeble health. His two daughters, Miss Bertha and Miss Tillie Kuck administered to his every want. They were devoted to their father and left nothing undone to make the last days of their parent happy. Mr. Kuck was an enterprising business man. He erected the first hall in the peninsula having built the Germania Hall in this city in the early seventies. It was the scene of many a gay party and all the earlier dance goers will recall with pleasure the many pleasant times had within its walls. The largest political meetings ever held in the county took place there. This choice realty was owned by Mr. Kuck up until the time of his death. The deceased was born in Hanover, Germany, March 4, 1832. The funeral took place yesterday, the remains being conveyed to Cypress Lawn Cemetery on the 12:57 from Menlo Park. Services took place at the cemetery chapel. The following old time friends acted as pallbearers: P. P. Chamberlain, Henry Offermann, John Poole, Thomas Harrington, K. Winter and John Welsh.

Martin Kuck spent the first eighteen years of his life in his native country and received a good education. In 1850 he sailed for the new world, landing at Charleston, S. C., where for two years he engaged in clerking and in 1852, came to California by way of Central America. Landing at San Francisco, he made his way to the mines, where for two years he was engaged in searching for the precious metal. He then turned his attention to merchandising, but at the end of one year sold his store for $2,500. He then went up the Frazer river and located at Fort Hope where he established a bakery, but after three weeks he sold out for $300. Returning to San Francisco, he was engaged in stockraising for two years on the expiration of which period he removed to Redwood City in 1860. Here he was again associated with mercantile interests, being connected with his brother at the corner of A and First streets (now called Broadway and Washington street) and Mr. Kuck is still the owner of the property. In 1866 desiring to visit his native country, he made a trip to Germany, and spent eight months, but he had become imbued with a strong love for the new world and accordingly he returned to California. In 1867 he purchased an acre of land in Menlo Park and built thereon a store building in 1868. He built his first hotel and since that time has been engaged in entertaining the traveling public. His first hotel burned in 1895, and the following year he built the one which he now occupies. It is a two-sory frame structure, containing thirty rooms, and in addition he also has a cottage. He has three acres of land in Menlo Park.

In 1868 Mr. Kuck was united in marriage to Miss Elizabeth Gush who was born in Germany and their children are Bertha, who is a graduate of the Normal School and is now engaged in teaching; Tillie, who is a graduate of the High School at Redwood City and Martha, a deceased daughter.

In his political views, Mr. Kuck was a Republican but while he always cast his ballot for the men and measures of the party he never was an office seeker preferring to devote his attention to his business interests, in which he met with signal success.

Andrew McDonald, who resided here some years ago, died suddenly in San Francisco last Tuesday. The deceased was aged 63 years. During the Spring Valley activities here years ago, McDonald had charge of the blacksmithing work for the company. The petition alleges that owing to old age and infirmites he is unable to care for or manage his estate. The estate consists of lots 6, 8 and 9, block 20, School House Land Association, Colma, valued at $1,500. The petition will be heard on May 23.

John J. Casey has applied in the superior court for letters of guardianship upon the estate and person of his sister, Mrs. Kate F. Hope of San Mateo. Mrs. Hope, owing to her advanced aged and illness is mentally unable to care for her estate. She is 63 years old. The estate consists of a one third undivided interest in the estate of Patrick B. Casey, her deceased father, a parcel of land in the City of San Mateo and cash in bank amounting to $250 or thereabouts. The entire value of the estate is in excess of $10,000. Ross and Ross are the attorneys for petitioner.

Appraiser's Report

H. W. Schaberg, inheritance tax appraiser of the estate of Edward W. Howard, who died in San Francisco on January 9, 1915, has filed his report showing the amount of the inheritance tax due the state. The entire estate is appraised at $320,660. From this is deducted the funeral expenses, debts and the expenses of probating the estate, a total of $113,447.76, leaving a balance of $207,212.24.

The exemption of $24,000 is also deducted from this sum which leaves $183,212.24 subject to the inheritance tax which Mr. Schaberg fixes at $6,298.49.

H. W. Schaberg, inheritance tay appraiser of the estate of Lafayette Chandler, who died at Pescadero on April 5, 1914, has filed his report. In addition to the property returned in the inventory and appraisement, amounting to $1,474.13 of said estate, it was learned by the appraiser that Mr. Chandler transferred certain realty at Pescadero to his wife and daughter during his life time valued at nearly $50,000. According to the report, Mr. Chandler transferred on September 9, 1910 a parcel of property at Pescadero with improvements valued at $15,310 to his wife. Margaret Chandler. The piece of land contained 416 acres. On the same date he also transferred property at Pescadero to his daughter, Mrs. Elma Chandler Weeks, valued at $30,427.50. These transactions took place in contemplation of death. As Mrs. Chandler has an exemption of $24,000 there is no inheritance tax due the state. Mrs. Week's has an exemption of $10,000 and therefore the sum of $20,427 is subject to the tax which Mr. Schaberg computes at $258.55.

H. W. Schaberg, inheritance tax appraiser of the estate of Leslie W. Braden, deceased, has filed his inventory and appraisement. The total value of the estate is placed at $1,340. It consists of personal property appraised at $60 and an equity in property located at Redwood City valued at $1,280. Albert Mansfield is the attorney for the estate.

Mrs. Clarissa Dixon passed away at her University Heights home where she had resided for the past 21 years last Monday following a brief illness. She lived quietly at her unpretentious little home with her son, Henry Cowles, a talented musician, aged 19 years. There she communed with nature, wrote freely and occasionally lapsed into verse, exulting on the numerous gifts of nature and the beauties of the life eternal. From early girlhood, Mrs. Dixon had been a contributor to the press, or engaged in editorial work. Through native native talent rather than broad educational advantages, she found her way into the better magazines as a story writer, into Fortnightly and Westminster Reviews with graver matter, and into many a heart for long keeping through her widely scattered verse, which was a contribution to real poetry. She did not mingle with the masses but was content to live a quiet life on the flower-covered foothills. Although residing here for many years, but few knew her. The remains were taken to Cypress Lawn Cemetery on Wednesday and cremated.

Mr. D. E. O'Keefe, Redwood City, Cal.
Dear sir and friend:

This leaves me getting along after the same old style. Still live by myself and still engage in trading. I have a Japanese cook and an easy time but, I don't expect to remain in this country forever. I think of returning and purchasing a green house plant and settling down.

I have about eight hundred fox and otter on hand and one trading post to hear from.

Winter very cold, but plenty of sunshine and no wind and it has been pleasant. Bering Sea a jam of icebergs. I have plenty of frozen meat in the way of Caribou and Reindeer venison so I am living high. Not much diffrence between caribou and reindeer. I have but reindeer all fall and winter from the U. S. Government herd. As ever,

AMERICAN BARITONE'S "HOBBY" IS GOLF AND HUNTING

Burt McKinnie of International Operatic Company Holder of Many Cups and Trophies

IN a recent interview Burt McKinnie, the American baritone, said: "They say that every artist must have temperament to succeed, but I do not think I have any. Mine is mostly 'hobby.' I love to fish and hunt, and, most of all, I like to play golf. I have played in a number of tournaments throughout the United States, and I enjoy myself as much as though I am on the platform singing. Above all, singing is my 'hobby,' and I don't think I show any temperament in my appearance anywhere."

Mr. McKinnie is singing this year with the International Operatic Company, which gives two concerts at Chautauqua. He is the holder of about fifteen cups and trophies taken at golf tournments and is one of the champions of the southern part of the United States.
